Online Education

1. Does all programs/courses were completed on time.	Yes		
2. Measures taken to complete the syllabus of courses and programs.	A syllabus is a compact information regarding the course which defines the responsibilities and fulfills the expectations of both faculty members and students. Students gather knowledge in regard of their course only based on the content of the syllabus, which would enhance their learning skills and help to achieve their academic success. In order to attain this goal, timetable was scheduled and students are instructed on methods to download Google classroom and Google meet Orientation on the methods of using online portals and applications were given by the faculty members. Google classroom is used for posting assignments, powerpoints, eBooks, study materials, videos and question bank, also used to verify the attendance and late submission of assignment. Google meet is for online teaching and interaction with students. Digital learning is totally a different platform for teaching. Faculty members had to prepare for digital delivery of the syllabus, which takes extra hours for figuring out how to teach it. In general it is believed that only long lectures would meet the needs of a traditional class, wherein in online teaching faculty members engage students with group discussion, videos and audios, power point presentations, virtual labs, quizzes and mock tests. Student's anxiety level was higher and they expected comprehensive teaching methods.		
3. The period of delay in completion of syllabus (in months).	0		
4. The period of delay in conducting exams (in months).	0
